MANY INDICTMENTS ARE
RETURNED BY GRAND JURY

Civil Docket Is Set by Judge Ernest H. Wells, With Many Cases Pending.

PLAN NEW CHURCH BUILDING

Woodland Heights Baptist Congregation to Begin Construction Shortly. Boys Are Arrested for Being Disorderly in Washington Park.

C. W. Williams, colored, was indicted by the grand jury which met yesterday in Huntington Court, Part II, on the charge of stealing \$31.65 from Charles Bedford, colored. The negro was first arraigned in Police Court, Part II, and sent on to the higher court. Bedford told the police that his pocket had been picked by Williams, who occupied the same seat with him on an excursion train returning from Norfolk on Sunday. Williams alighted at Petersburg, and his traveling companion got off in South Richmond. He missed his wallet, and swore out a warrant for Williams. Attorney J. C. Nunnally, counsel for the defendant, claimed that the money could not have been stolen by his client, because Bedford's pocket was buttoned. The trial will be held on August 1.

True bills were also returned yesterday against the following: William Ross, colored, charged with assaulting Marie Russell, colored, trial set for July 22; Joseph Cox, colored, charged with stabbing Abe Worlidge, colored, trial set for August 1; W. C. Holbeck, alias "Holbeck," charged with stealing a launch belonging to Frank P. Williams; Joseph Bingham, charged with breaking into the house of Price Carver, trial set for July 22.

Not a true bill was found against Roscoe Mearling, a young white man, charged with assaulting Benjamin P. Hastings with a baseball bat, the only charge sustained being that of a misdemeanor. Mearling struck Hastings, it was alleged, because the latter teased him about striking out at a ball game.

Itching a Severe Form of Eczema

How to Stop This Awful Nagging Disorder

If You Feel Like a Pin Cushion

Just as soon as S. S. S. the entire blood runs throughout the entire circulation in an average of three minutes. As the skin is an outlet for the greater proportion of impurities in the blood, the action of S. S. S. is such that these impurities are converted into a substance that is readily expelled. Thus, instead of gathering on the surface to cause itching, eczema, salt rheum, tetter and other skin diseases they pass off as vapor or perspiration, the pores are left free, the nervous system is cooled and it is impossible for any disease to either gain or retain a foothold.
